

Vacancy – Financial Controller

We are Pioneers and Innovators!

This is an exciting opportunity to join our dynamic and expanding team in Bristol. The Geoquip Marine Group specialises in geotechnical site investigations for marine engineering and scientific research projects.

With over 30 years of experience in offshore data acquisition we strive to be the leader in safely delivering reliable geotechnical data for our customers.

We are committed to providing our employees a stable work environment with equal opportunities for learning as well as personal growth and **we encourage creativity and innovation**. Great importance is also placed on maintaining the health, safety and welfare of employees.

Above all, employees are provided the same concern, respect, and caring attitude within the organization as the company owes its success to each individual employee.

Job Summary

The Controller is responsible for developing management accounts and reporting systems related to project budget performance and cash forecasts for the Financial Department of Geoquip Marine. He also supports the accounting & finance team with their tasks.

Functions and duties

- Prepare monthly project performance management accounts along with associated analysis, partnering with project managers
- Full ownership of the project reporting and monthly management accounts
- Delivering financial analysis to challenge the project managers and provide monthly review
- Proactively suggest improvements and take an active part in the implementation and in the follow up process.
- Routine accounting and group reporting tasks and duties
- Post accruals/adjustments/other required journals to ensure the month-end results show the clear and fair picture
- Support management of payments and invoicing
- Main point of contact for clients regarding payments, purchase and budgeting
- Any other duties deemed necessary, which are within the bounds of the incumbent's competence and function

Qualifications and Experience

- Qualified accountant
- At least 5 years of professional experience in a similar position
- Excellent MS Office skills, especially Excel & PowerPoint as well as ERP (MS Dynamics) skills
- Distinct flair for numbers and independent working style
- High performance, reliability and accuracy
- Shipping experience is a preferred but not required.

SAFELY DELIVERING RELIABLE DATA.

We offer a competitive salary and benefits dependant on experience.
